APPLICATION FOR LICENSURE AS A JOURNEYPerson ELECTRICIAN INSTRUCTION SHEET

General Information

To perform electrical services in Delaware, you are required to hold a Delaware professional license as an electrician. Performing “electrical services” or “electrical work” is defined by the Board to mean any activity that is covered by the National Electrical Code (NEC) as adopted by the Delaware State Fire Commission. Examples are provided in Section 1.0 of the Board's [Rules and Regulations](#). Types of electrician licensure include [Master](#), [Master Special](#), [Limited](#), [Limited Special](#), [Journeyman](#), [Residential](#) and [Apprentice](#) (*24 Del. C. 1408 (a)*).

[Journeyman Electrician](#) licensure allows you to perform electrical services under supervision while you gain additional experience and master the skills that you will need to pass the examinations for [Master](#), [Limited](#), [Master Special](#) or [Limited Special Electrician](#) licensure.

Selecting Type of Application

If you are applying for licensure as a Journeyman Electrician, the application asks whether you are filing for licensure by examination, reciprocity, or certification.

- If you hold a certificate of completion issued by the Department of Labor or approved apprentice program in Delaware or other state, a U.S. territory or the District of Columbia, apply for licensure by certificate. If you meet the requirement for licensure by certificate, you will not have to pass a journeyman examination.
- If you hold a **current** journeyman license issued by another state, U.S. territory or District of Columbia, apply for licensure by reciprocity.

Note: In Pennsylvania, electrical licenses are not issued by a state board. If the only current license(s) you hold was issued by a Pennsylvania municipality or other jurisdiction, you must apply by examination.

- Apply by examination if you
 - do **not** hold a **current** journeyman license issued by another state, U.S. territory or District of Columbia, **and**
 - do **not** have a certificate of completion issued by a Department of Labor or approved apprentice program in another state, U.S. territory, or the District of Columbia.

If you apply by examination, you must pass a journeyman examination.

Requirements for *All* Applications

- Submit completed, signed and notarized [Application for Licensure as a Journeyman Electrician](#).
- Enclose [processing fee](#) by check or money order made payable to “State of Delaware.” See [Fee Schedule](#).
- If you have *ever* held an electrical license in any another jurisdiction, arrange for the Board office to receive license verification from each jurisdiction, sent directly from the jurisdiction to the Board office.
- If you have never been issued a U.S. Social Security Number (SSN), submit a [Request for Exemption from Social Security Number Requirement](#).
The Privacy Act of 1974, Section 7, requires the following information to be given to all applicants: Applicants for any Delaware professional or occupational license, permit, registration or certificate (other than Gaming permits) are required to provide a U.S. SSN (*29 Del. C. §8735(m)*). The Division of Professional Regulation uses the SSN primarily to verify identity and safeguard personal information. It may also be used to enforce child support obligation (*13 Del. C. §2216*) and for other lawful purposes.

Additional Requirement for Applications by Certificate

If you are applying by certificate, the following requirement applies in addition to the requirements under **Requirements for All Applications** above.

- Enclose a certificate of completion of apprenticeship from a state-approved, *bona fide*, registered apprenticeship program such as a program approved by the Department of Labor or a Board-approved program.

Additional Requirement for Applications by Examination

If you are applying by examination, the following requirement applies in addition to the requirements under **Requirements for All Applications** above.

- Submit [Verification of Employment](#) form(s) showing at least 8,000 hours of full-time experience performing electrical work under the supervision of a licensed master electrician, master electrician special, limited electrician, or limited electrician special.
 - If you cannot obtain a *Verification of Employment* form for one or more periods of employment (e.g., your former employer has gone out of business), you may substitute tax form W-2s for those periods. **However, you must include a letter explaining why you cannot obtain the form and a detailed outline of your experience.**

Additional Requirements for Applications by Reciprocity

To be licensed as a Journeyman Electrician by reciprocity, you must hold a **current** journeyman license issued by another state, a U.S. territory or the District of Columbia. The Board will determine whether the licensure requirements in any jurisdiction where you hold a current license are *substantially similar to those of Delaware*. To make this determination, the Board reviews and compares the law and regulations of the other jurisdiction(s) to Delaware's law and regulations. The table below explains how this determination affects your application.

IF the Board determines that the requirements are substantially similar in...	AND IF you...	THEN you...
at least one jurisdiction where you hold a current license	--	<ul style="list-style-type: none"> • qualify for a reciprocal license • do not need to meet the requirement for five years of full-time experience
none of jurisdictions where you hold a current license	have five years of full-time, supervised experience	<ul style="list-style-type: none"> • qualify for a reciprocal license • do not have to pass an examination.
	do not have five years of full-time, supervised experience	<ul style="list-style-type: none"> • do not qualify for a reciprocal license • must pass the journeyman examination

Note: The determination of substantial equivalence may change based, for example, on changes in the other jurisdiction's law.

- Submit a copy of the law and rules and regulations from **each** state, U.S. territory or the District of Columbia where you hold a **current** journeyman electrician license.
 - You do *not* need to provide licensure law and regulations related to licenses issued by jurisdictions that are not states, U.S. territories or the District of Columbia (e.g., cities or counties).
- Submit [Verification of Employment](#) form(s) showing **five** years full-time experience under the supervision of a licensed master electrician, master electrician special, limited electrician, or limited electrician special.
 - If you cannot obtain a *Verification of Employment* form for one or more periods of employment (e.g., your former employer has gone out of business), you may substitute tax form W-2s for those periods. However, you must include a letter explaining why you cannot obtain the form and an detailed outline of your experience.
