**PROPOSED**

**PUBLIC NOTICE**

**5300 Board of Massage and Bodywork**

Pursuant to 24 Del.C. §5306(a)(1), the Board of Massage and Bodywork ("Board") has proposed revisions to its rules and regulations.

A public hearing will be held on January 18, 2018 at 1:30 p.m. in the second floor conference room B of the Cannon Building, 861 Silver Lake Boulevard, Dover, Delaware, where members of the public can offer comments. Anyone wishing to receive a copy of the proposed rules and regulations may obtain a copy from the Board of Massage and Bodywork, 861 Silver Lake Boulevard, Dover, Delaware 19904. Written comments should be sent to Gina Bloom, Administrative Specialist for the Delaware Board of Massage and Bodywork, Cannon Building, 861 Silver Lake Blvd., Dover, DE 19904. Written comments will be accepted until February 2, 2018, pursuant to 29 Del.C. §10118(a). The Board will deliberate on all of the public comments at its next regularly scheduled meeting.

The proposed changes serve to implement recent amendments to the Board's Practice Act, Chapter 53 of Title 24 of the Delaware Code, pertaining to the licensure of massage establishments. Section 12.0 sets forth licensure standards, application procedures, and advertising requirements. The Section provides for inspection of any location representing itself as a place where massage and bodywork services will be offered. The Section also sets forth specific prohibitions against illegal activity at such locations in the interests of protection of the public and the individuals working at the locations.

Licensees shall retain their CE course attendance documentation for each licensure period and for at least one year after renewal. - 9.7 Hardship. A candidate for renewal may be granted an extension of time in which to complete CE hours upon a showing of unusual hardship. "Hardship" may include, but is not limited to, disability, illness, extended absence from the jurisdiction, and exceptional family responsibilities. Requests for hardship extensions must be submitted to the Board in writing prior to the end of the licensing or certification period for which the request is being made.

12.6.5 Records. For each client receiving services, the massage establishment shall keep a client intake form which shall contain at least the following information: client's name and licensee's name; dated signatures; and client's medical history, including medications, health status, allergies and past surgeries. Pursuant to subsection 11.1.15, such forms and any other client records shall be retained on the premises of the massage establishment for a period of at least three years from the last date that services were provided.

12.6.6 Attire. All establishment employees and/or contractors, including licensees, shall wear clean, non-transparent outer garments, such as uniforms, scrubs or business casual wear. Such garments shall not expose their genitals, pubic areas, buttocks or breasts.

12.6.7 Doors: All internal and external doors shall be kept unlocked during operating hours except as follows:

12.6.7.1 Restroom doors may be locked.

12.6.7.2 External doors may be locked if the massage establishment is a business entity owned by 1 individual and has no more than 1 employee or contractor.

12.6.7.3 Internal doors may be locked to protect confidential patient or business information.

12.6.7.4 Where a massage establishment is located in a residence, the door between the establishment and the residence may be locked.

12.6.8 Windows: No massage establishment located in a building or structure with exterior windows fronting a public street, highway, walkway or parking area shall block visibility into the interior reception and waiting area through the use of curtains, closed blinds, tints or any other material that obstructs, blurs or unreasonably darkens the view into the premises.

12.7 Prohibition of sexual activity.

12.7.1 Sexual activity in a massage establishment is absolutely prohibited.

12.7.2 No massage establishment owner, professional-in-charge or licensee shall engage in, or permit any person or persons, to engage in, sexual activity in a massage establishment or to use that establishment to make arrangements to engage in sexual activity in any other place.

12.7.3 No licensed massage therapist or certified massage technician shall use the practitioner-client relationship to engage in sexual activity with any client or to make arrangements to engage in sexual activity with any client.

12.8 Advertising.

12.8.1 The contents of any advertising shall include the name of the massage establishment, its address, its business phone number and establishment license number.

12.8.2 An advertisement shall not contain any representations that a massage establishment employee or contractor is willing to provide services which are illegal under the laws or regulations of the State of Delaware or the United States.

12.8.3 Photographs, drawings, written or verbal statements used in any advertising shall not explicitly communicate that services offered are for the purpose of sexual stimulation or gratification.

12.9 Inspections.

12.9.1 Licensed massage establishments are subject to inspection by an agent of the Division, presenting appropriate identification, during business hours, with or without notice.

12.9.2 During the inspection, the agent of the Division shall not interrupt an in-progress treatment session.

12.9.3 The purpose of massage establishment inspections is to verify compliance with the standards of Section 12.0 and Chapter 53 of Title 24 of the Delaware Code and to verify that the establishment and all individuals providing massage services have valid licenses issued by the Board and that such licenses are conspicuously displayed on the premises.

12.9.4 An agent of the Division may inspect and copy records of the massage establishment; may inspect within reasonable limits and in a reasonable manner the premises, subject to subsection 12.9.2, and all pertinent equipment; and may inspect other things therein, including records, files, papers and facilities.

12.9.5 If a massage establishment is located within a licensee's residence, an out call location or is located within an office space shared with other businesses, an agent of the Division must have independent and sufficient legal justification before inspecting areas not to be used as a place of business for massage and bodywork.

12.9.6 The massage establishment shall allow, appear for and cooperate with an inspection.

12.10 License renewal. All massage establishment licenses shall be renewed biennially. Licenses shall expire on August 31 of each even numbered year. The failure of the Board to give, or the failure of the licensee to receive, notice of the expiration date of a license shall not prevent the license from becoming invalid after its expiration date. A massage establishment shall not provide massage services after a license has expired.

12.11 Request for waiver or variance.

12.11.1 The Board may grant a waiver of any of the requirements of Section 12.0 where there is a showing that complying with the requirement would result in extreme and undue hardship, as long as granting the waiver will not jeopardize the public health, safety or welfare.

12.11.2 The Board may vary the application of any requirement of Section 12.0 as long as the requestor demonstrates that the intent of the requirement is being met in an alternative manner to that described in the Section.

12.11.3 A waiver or variance is not transferable to another licensee or another location.

12.11.4 The Board may modify, suspend or revoke a waiver or variance.

**42.013.0 Voluntary Treatment Option for Chemically Dependent or Impaired Professionals**

- 42.413.1 If the report is received by the chairperson of the regulatory Board, that chairperson shall immediately notify the Director of Professional Regulation or his/her designate of the report. If the Director of Professional Regulation receives the report, he/she shall immediately notify the chairperson of the regulatory Board, or that chairperson's designate or designates.
- 42.213.2 The chairperson of the regulatory Board or that chairperson's designate or designates shall, within 7 days of receipt of the report, contact the individual in question and inform him/her in writing of the report, provide the individual written information describing the Voluntary Treatment Option, and give him/her the opportunity to enter the Voluntary Treatment Option.
- 42.313.3 In order for the individual to participate in the Voluntary Treatment Option, he/she shall agree to submit to a voluntary drug and alcohol screening and evaluation at a specified laboratory or health care facility. This initial evaluation and screen shall take place within 30 days following notification to the professional by the participating Board chairperson or that chairperson's designate(s).
- 42.413.4 A regulated professional with chemical dependency or impairment due to addiction to drugs or alcohol may enter into the Voluntary Treatment Option and continue to practice, subject to any limitations on practice the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional, deem necessary, only if such action will not endanger the public health, welfare or safety, and the regulated professional enters into an agreement with the Director of Professional Regulation or his/her designate and the chairperson of the participating Board or that chairperson's designate for a treatment plan and progresses satisfactorily in such treatment program and complies with all terms of that agreement. Treatment programs may be operated by professional Committees and Associations or other similar professional groups with the approval of the Director of Professional Regulation and the chairperson of the participating Board.
- 42.513.5 Failure to cooperate fully with the participating Board chairperson or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate in regard to the Voluntary Treatment Option or to comply with their requests for evaluations and screens may disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board chairperson or that chairperson's designate or designates shall cause to be activated an immediate investigation and institution of disciplinary proceedings, if appropriate, as outlined in subsection 9.8 of this section.
- 42.613.6 The Voluntary Treatment Option may require a regulated professional to enter into an agreement which includes, but is not limited to, the following provisions:
- 42.6-413.6.1 Entry of the regulated professional into a treatment program approved by the participating Board. Board approval shall not require that the regulated professional be identified to the Board. Treatment and evaluation functions must be performed by separate agencies to assure an unbiased assessment of the regulated professional's progress.
- 42.6-213.6.2 Consent to the treating professional of the approved treatment program to report on the progress of the regulated professional to the chairperson of the participating Board or to that chairperson's designate or designates or to the Director of the Division of Professional Regulation or his/her designate at such intervals as required by the chairperson of the participating Board or that chairperson's designate or designates or the Director of the Division of Professional Regulation or his/her designate, and such person making such report will not be liable when such reports are made in good faith and without malice.
- 42.6-313.6.3 Consent of the regulated professional, in accordance with applicable law, to the release of any treatment information from anyone within the approved treatment program.
- 42.6-413.6.4 Agreement by the regulated professional to be personally responsible for all costs and charges associated with the Voluntary Treatment Option and treatment program(s). In addition, the Division of Professional Regulation may assess a fee to be paid by the regulated professional to cover administrative costs associated with the Voluntary Treatment Option. The amount of the fee imposed under this subparagraph shall approximate and reasonably reflect the costs necessary to defray the expenses of the participating Board, as well as the proportional expenses incurred by the Division of Professional Regulation in its services on behalf of the Board in addition to the administrative costs associated with the Voluntary Treatment Option.
- 42.6-513.6.5 Agreement by the regulated professional that failure to satisfactorily progress in such treatment program shall be reported to the participating Board's chairperson or his/her designate or designates or to the Director of the Division of Professional Regulation or his/her designate by the treating professional who shall be immune from any liability for such reporting made in good faith and without malice.

- ~~42.6.6~~13.6.6 Compliance by the regulated professional with any terms or restrictions placed on professional practice as outlined in the agreement under the Voluntary Treatment Option.
- ~~42.7~~13.7 The regulated professional's records of participation in the Voluntary Treatment Option will not reflect disciplinary action and shall not be considered public records open to public inspection. However, the participating Board may consider such records in setting a disciplinary sanction in any future matter in which the regulated professional's chemical dependency or impairment is an issue.
- ~~42.8~~13.8 The participating Board's chairperson, his/her designate or designates or the Director of the Division of Professional Regulation or his/her designate may, in consultation with the treating professional at any time during the Voluntary Treatment Option, restrict the practice of a chemically dependent or impaired professional if such action is deemed necessary to protect the public health, welfare or safety.
- ~~42.9~~13.9 If practice is restricted, the regulated professional may apply for unrestricted licensure upon completion of the program.
- ~~42.10~~13.10 Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment program shall disqualify the regulated professional from the provisions of the Voluntary Treatment Option, and the participating Board shall be notified and cause to be activated an immediate investigation and disciplinary proceedings as appropriate.
- ~~42.11~~13.11 Any person who reports pursuant to this section in good faith and without malice shall be immune from any civil, criminal or disciplinary liability arising from such reports, and shall have his/her confidentiality protected if the matter is handled in a nondisciplinary matter.
- ~~42.12~~13.12 Any regulated professional who complies with all of the terms and completes the Voluntary Treatment Option shall have his/her confidentiality protected unless otherwise specified in a participating Board's rules and regulations. In such an instance, the written agreement with the regulated professional shall include the potential for disclosure and specify those to whom such information may be disclosed.
