COMMUNITY PHARMACY PHARMACIST-IN-CHARGE SELF-INSPECTION REPORT INSTRUCTIONS

Purpose of the Self-Inspection Report

The Pharmacist-in-Charge (PIC) and all pharmacists on duty are responsible for ensuring that their pharmacies comply with all state and federal laws governing pharmacy practice. The primary purpose of this form is to guide you through a self-inspection that will help you identify and correct areas of non-compliance with state and federal law. Board inspectors will also use the completed form to evaluate the pharmacy's level of compliance.

When a Board inspector identifies an area of deficiency, he or she may issue a Deficiency Notice. The PIC is required to respond in writing. Identifying and correcting an area of non-compliance *before* the Board inspection can eliminate the Deficiency Notice. *Note that neither the self-inspection nor Board inspection evaluates your compliance with all the laws and rules of the practice of pharmacy.*

When conducting your self-inspection, it is important to take the time to review the relevant sections of law and regulations and then to personally verify that your pharmacy is in compliance. Avoid *assuming* that your pharmacy is compliant even if "that's the way it has been for years." Note that not having (or not being able to readily retrieve) required documents and records is a common deficiency cited during unannounced inspections. Maintain all such documents in a well-organized manner, such as a binder, and accurately describe the location(s) of the required documents on your *Self-Inspection Report*, if the required documents are readily available to the inspectors, even when you are not present during the inspection, you can reduce your chance of receiving a Deficiency Notice in this area.

If you have questions during your self-inspection, you may contact an inspector by emailing customerservice.dpr@delaware.gov or call (302) 744-4500.

When to Complete Self-Inspection Report

The PIC of a Delaware-licensed community pharmacy must complete this *Self-Inspection Report*.

- within 30 days of your first being designated as PIC, **and**
- by February 1 of each year while you continue as the PIC.

Section 3.1.2.7 of the Board's [Rules and Regulations](#) describes this requirement. Failure to complete the *Self-Inspection Report* when required, as explained above, may result in disciplinary action.

Completing and Retaining the Report

- Complete all items on the [self-inspection report form](#).
 - The form provided online is not fillable but can be saved to your computer. It is suggested that you print the form and complete it by hand as you inspect the various aspects of your pharmacy. After you complete it, it can be scanned and saved.
 - Carefully confirm whether or not you are compliant and mark the appropriate box to the right of each item. If you have any deficiencies please correct them and explain what measures you took and the date of correction next to the question.
- Review the report with your staff pharmacists, technicians and interns.
- INFORM ALL PHARMACISTS AND PHARMACY STAFF WHERE THE SELF INSPECTION FORM IS LOCATED. THE STAFF MUST BE ABLE TO LOCATE THIS FORM AT THE TIME OF ANY BOARD OF PHARMACY INSPECTION**
- Print out and Sign** the completed report form.
- Retain the completed and signed printout of the form on-site at the pharmacy so that it is immediately available for inspection at all times, even if you are not present when an unannounced inspection occurs.
 - Retaining a copy of the completed form on your computer is **not** sufficient.
 - **Do not mail the completed form to the Pharmacy Board office.**
